

## SCHEDULE OF FEES AND CHARGES 2010

For over one hundred and eighty years Catholic schools have provided education for young Australians and have supported parents and carers in their role as the first educators of their children. In choosing a Catholic school for their children parents are very conscious that this will involve making a significant financial contribution towards the cost of providing that education.

The schools of the Archdiocese have been established over many years by the generosity of parents, parishioners and the religious and staff in our Catholic schools.

This school is one of one hundred and forty eight primary and secondary schools that form the Sydney Archdiocesan system of Catholic schools. There are over 80,000 students enrolled in these schools. The Catholic Education Office has the responsibility of leading and managing the system of schools.

The funding of these schools is a shared responsibility between Commonwealth and State Governments, parents and parishes.

The Commonwealth Government provides about 55% and the State Government about 22% of the income needed to fund the system of schools. The contribution of Governments to the running costs of our schools needs to be recognised, appreciated and also guarded.

Parents contribute over 20% to the funding of the parish primary schools and regional secondary schools of the Archdiocese. This financial contribution is essential to providing the best possible educational opportunities for the students. The continuing support of parents is greatly appreciated.

The fees charged at this school are made up of:

- i) **The Archdiocesan Tuition Fee.** This fee level is set each year by the Sydney Archdiocesan Catholic Schools Board. The school retains a portion of this fee to assist with operating costs. The balance is returned to the Catholic Education Office to assist with the payment of salaries, workers compensation, public liability, student accident insurances and other operating costs.
- ii) **The Building and Maintenance Levy.** The Archdiocese sets this levy for Primary schools and Secondary school. The income from the levy assists in the repayment of loans for school buildings, repairs and maintenance and building insurance. The levy will depend on the number and the size of building loans to be paid.
- iii) **Local fees and charges.** These are set by the school finance committee and are used to pay for school resources, educational activities, subject charges and other operational costs such as electricity, water, council charges and contents insurance.

For families with more than one child, or with children attending other Catholic schools within the Archdiocesan system of schools, sibling and family discounts apply to the Archdiocesan Tuition Fee and to the Building and Maintenance Levy.

The following charges / fees apply to Year 7/8 in 2010. There may be a slight increase in 2011. These are slightly higher in years 9, 10, 11 and 12.
